Former Waitresses and Busboys of The Crab Claw Restaurant  
Remember Robbie Shortall

On Tuesday, March 10, The Crab Claw Restaurant will hold a benefit dinner for The Talbot Hospice Foundation to remember Robbie Shortall, the much beloved General Manager for 30 years who died nearly two years ago. Robbie Shortall died in the Guest Wing at Talbot Hospice House in July, 2007.

Last year's event was a huge success, raising more than \$6,000 for Talbot Hospice's programs that serve local citizens who are dealing with end-of-life issues. "We are deeply grateful to Tracey and to her mother, Sylvia Jones, for their exceptional commitment to our organization," said Julie Crocker, Talbot Hospice Executive Director. The evening benefit, from 4:00 p.m. until closing, is a popular event and reservations are recommended.

*"The Second Annual Robbie Shortall Reunion Tour* will give us all a chance to remember Robbie and raise money for a great cause," said Tracey Jones-Wass, co-owner of The Crab Claw Restaurant. Former waitresses and busboys will return to the popular local restaurant for this event to act as servers and will donate their tips to Talbot Hospice. Former Crab Claw staff who are interested in participating should call The Crab Claw at 410-745-2900.
