Local Businesses Provide Gift to Talbot Hospice

Wendy VanNest, Family Services Coordinator of the Talbot Hospice Foundation, was happy to receive a beautiful handmade bookshelf for the Guest Wing at Hospice House in Easton. Furniture maker Bruce Secrist (LEFT) and CPA Darian Sump, longtime friends, sponsored the red oak custom piece through their respective companies, Secrist Furniture Co. of Cordova and Sump and Associates, PC of Easton. Secrist Furniture Co., www.secristfurniture.com, custom builds furniture and cabinets and provides design assistance upon request. Sump and Associates, 410-770-5151 provides a full complement of accounting services

Handmade by Bruce Secrist, the bookshelf will provide a central place in the Guest Wing for families to review books and pamphlets that cover end-of-life issues including care-giving, loss and grief. “We are very grateful for this beautiful gift from Secrist Furniture and Sump and Associates,” said Wendy. “Bruce and Darian have responded so generously to our need for a library. This lovely bookshelf will support our mission to provide accessible end-of-life education not only for the families we serve but for the entire community.”

The Talbot Hospice Foundation, www.talbothospice.org, offers hope and compassionate support and services *without charge* to individuals dealing with end of life issues.
