### **Talbot Hospice Foundation Welcomes Three New Board Members**

The President of the Talbot Hospice Foundation Board of Directors, R. Michael S. Menzies, recently welcomed three new board members. Joining the Talbot Hospice board are Dr. Frances Seymour, Rebecca V. Peter, and Carol Benner. “Each of these members brings remarkable talents to the table. We are most fortunate to have their skills and expertise,” said Mr. Menzies. The Talbot Hospice Foundation is a private, non-profit organization that offers hope, compassionate support and services to all members of the community facing end-of-life issues.

Frances Seymour, M.D., is a graduate of the University of Maryland-Baltimore, School of Medicine. She joined Easton Family Physicians in 2003 and provides care to residents of the local community as well as residents of long term care and rehabilitation facilities. Dr. Seymour has served as a bereavement volunteer for Talbot Hospice.

Rebecca Peter is the Controller for the Delmarva Foundation for Medical Care, Inc, located in Easton. Ms. Peter has 20 years of progressive experience in financial leadership and presently oversees the Finance Department and the Contract Department at Delmarva.

Carol Benner is a health care executive with more than thirty-five years experience in clinical, administrative, regulatory and quality improvement matters. Ms. Benner is the past Director of the Office of Health Care Quality at the Department of Health and Mental Hygiene for the State of Maryland. In the fall of 2007, she was appointed Field Director for the Advancing Excellence in America’s Nursing Homes Campaign.

“We are deeply grateful to the commitment these individuals have made to our organization,” said Julie L. Crocker, MSN, RN Executive Director. “With their help, we will continue to respond effectively to the needs of our growing community.”
