Talbot Hospice Foundation to partner with Talbot County Public School in 2009

Working in conjunction with Talbot County Public Schools, the Talbot Hospice Foundation will offer compassionate care groups for children and young adults.

Norma Trax, LCSW-C, Bereavement Coordinator at Talbot Hospice has announced a grief support group for children and young adults who have experienced the death of a loved one. Death is a part of everyday life, yet for adolescents and children it can be very confusing. Compassionate support groups that will address these concerns will begin in January 2009 through the local elementary, middle and high schools and Talbot Hospice.

If you are interested in having your young person participate in such group please call the guidance counselor at your child's school or Norma Trax, the Bereavement Coordinator at Talbot Hospice at 410-822-6681.
